Unique features of The Project:

😊	Case-approach with the same designated SW/Nurse throughout the course of support
😊	Community out-reached support to fill in the service gap between hospital & home
😊	Family-approached supporting cancer patients and their caregivers
😊	Support patients of any age, cancer type, stage or district
😊	Continuous support until patient's condition stabilises (2 – 12 months)
😊	Capacity Building Programme for cancer families to enhance their quality of life
😊	HKU team carries out quantitative and qualitative assessments to evaluate the service
😊	All service are free
